

IN THE UNITED STATES PATENT AND TRADEMARK OFFICE

In the reissue application of:

Ann Monosov et al.

Patent No.: 5,569,812

Issue Date: October 29, 1996

For: NUDE MOUSE MODEL FOR HUMAN
NEOPLASTIC DISEASECONSENT OF ASSIGNEEAssistant Commissioner for Patents
Washington, D.C. 20231

Sir:

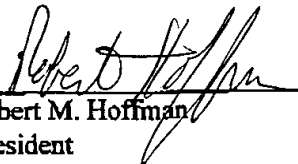

AntiCancer, Inc., a corporation of California, certifies that it is the assignee of the entire right, title and interest in the patent and reissue patent application identified above by virtue of assignment from the inventors of the patent identified above. The assignments were recorded in the Patent and Trademark Office at Reel 4958, Frames 562-564, on October 5, 1988; and Reel 5771, Frames 948-950, on July 16, 1991.

The undersigned has reviewed all the documents in the chain of title of the patent application identified above and, to the best of undersigned's knowledge and belief, title is in the assignee identified above. The undersigned (whose title is supplied below) is empowered to sign this document on behalf of the assignee.

AntiCancer, Inc. hereby assents to the accompanying reissue application and prays that it be allowed to surrender and hereby offers to surrender U.S. Letters Patent No. 5,569,812 and further requests that said Letters Patent be reissued to it for the same invention upon the foregoing application.

Atty. Dkt.: 312762001530

I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further, that these statements are made with the knowledge that willful false statements, and the like so made, are punishable by fine or imprisonment, or both, under Section 1001, Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any patent issuing thereon.
